NICE LOTS GO LIKE HOT CAKES

SEVERAL HANDSOME NEW HOMES TO BE BUILT IN HUSTONVILLE—THOSE WHO BOUGHT.

One of the largest crowds ever seen at Hustonville, attended the lot sale Saturday afternoon when forty-three nice building lots, most of them lying on Danville avenue, Douglas and Childress avenues were sold under the hammer to the highest bidders. The sale was conducted by Oliver & Taylor, a real estate firm of Glasgow, who bought 7½ acres of land from C. M. Back, and cut it up into building lots something which are badly needed in the progressive metropolis of the West End of the county. They paid \$200 an acre for the property and sold the lots from \$14 to \$122, netting them a nice profit on their work and investment.

A number of handsome homes are to be built on the new addition to the lot. James Yowell will put up a house immediately and several others will build. A tree lot was given away to the one holding the lucky number, which was won by a member of the Liberty Band which made music for the occasion. He sold it shortly afterward to Mr. Back for \$40. The complete list of sales made is as follows:

Dr. W. J. Childress, two lots \$100 each, and sold to Sam Lusk that evening at the same figure.

C. M. Back, two lots, \$100 each.

Jas. Yowell, two lots \$122 each, he bought one lot from Mr. Back at a slight increase.

W. G. Cowan, two lots \$200.

Miss Jennie Dunn, six lots, 2 at \$87.50; 2 at \$77.50; 1 at \$58 and one at \$57.50. Most of the lots are in the rear of her property on Main street.

James Thornton, two lots, \$200.

Mac Paynhouse, one lot at \$56.

Geo. Tucker, two lots at \$60 each.

Wm. McKinney, two lots at \$55 each.

W. J. Campbell, 4 lots at \$76 each.

C. M. Back, one lot at \$50 and one at \$52.50.

Wm. North, two lots at \$62 each.

Jas. Powell, two lots at \$57.50 each.

Sam McKinney, two lots at \$55 each.

Miss Ellen Powers, two lots at \$47 and two at \$49.

Beginning with next July all the rural mail carriers having a standard route of 24 miles, will receive a raise in salary of \$100 per year, which will make their yearly salary \$1,000 instead of \$900 as it is now. Those below the standard will receive an increase in proportion to the number of miles traveled in delivering their mail. This increase will be the third one granted the carriers since the department was established in 1902. The original pay of the carriers was \$600 per year. This was increased to \$650 two years later and in 1907 to \$690.

J. P. Morgan may call before the House "Steel Trust" investigating Committee to tell what he knows of the forming of the combine. Testimony taken was to the effect that mills divided business before the United States Steel Corporation was formed. It was denied by James Gaylor that threats by Mr. Carnegie had compelled the formation of the corporation.

The Cynthia Democrat is greatly improved by changing from its old blanked four to six column chart. Several other mighty good papers we know of could be greatly improved by following suit.

ing the extreme nervous strain to which the manager of a tournament is subject we are not going to criticize harshly but make a bare statement of facts. It was suggested by some prior to the tournament that Judges be chosen outside of Springfield. In a few cases this was done. We do not charge dishonesty on the part of the Judges, but being personal friends of the one who selected them, human nature will assert itself and more attention will be called to friends of anyone that to strangers. No one was consulted as to character of many of the examinations and points to be considered in declamation and music. No differentiation was made between oration, declamation monologue or reading. The particular kind of examination, the parts of texts to be covered by some and time to be given each were dictated by Springfield regardless of the opinions of visitors. Three ringers were played by Springfield men and these were "Jocho" Calvin, pitcher, Richard Spalding, second baseman and Walter Royal, third sacker. These were classed as irregular students when the rule of the tournament provided that only bona fide students were eligible in any contest. No member of Stanford's Ball Team can be classed as any other than regular. Each member having been in school for more than two years passed and continually at that. It was a High School Tournament. Notwithstanding this fact a pupil who has been acting as sub-instructor in Caldwell College was admitted in the contest in Plano. This is not speaking derogatorily of Caldwell College in any way; for they were invited. The information in these matters was voluntarily given by citizens of Springfield. We do not charge deliberate intent to defraud, but concerning the best citizens of Springfield, we do not charge de

Big Damages

AWARDED MISS ACKERMAN BY JURY IN COURT HERE

Mrs. Eulalia Ackerman, of McKinney, was awarded \$7,500 damages by a jury in the Lincoln circuit court last week against the C. N. O. & T. Railroad Company. She was struck and injured by a switch engine while crossing tracks in McKinney.

Circuit court has been busy this week with civil cases and a number have been cleared off the docket. Judge Walker has made a record for the rapid transaction of legal business and receiving many complaints upon the dispatch and ease with which he handles his court.

H. H. Logan, of Crab Orchard, was given judgment against the Kentucky Growers Insurance Company for \$22

INTERESTING LETTER FROM JAS. MCKECHNIE

WRITTEN FROM SEA WHILE EN- ROUTE TO QUANTO OLD SCOTLAND.

Interior Journal:

I have already advised you of my observation up till the hour I got on board this magnificent ship at 9 a.m., Wednesday, May 24th.

At 10 o'clock a.m. we had made 28 miles, had a nice breakfast, got some Scotch porridge and milk, Kentuckians would call it mush, some fish called Findon Haddie, that is a kind of fish which is very popular in Scotland, some marmalade, this is a Scotch jam, the first I have seen in 14 years or since I left Scotland in 1867, peradventure good to me.

Our family is a large one, there are over three thousand souls on board, men women and children, it takes \$50 hands to run this ship, this looks big, you will all say, well it is big, it is a big ship. There are 240 men who do nothing but shovel coal and there are 32 men who do nothing but run the engines. The passengers consist of every nationality. We all seem like kinfolks, we put our trust in the Lord and love our enemies if we have any. When there is nothing in sight only the sky and water it is inclined to make us all feel like brothers, the first day is over and it has been a rough, wet day although no storm, no one seen sick, yet as far as I know I have not seen anything along this highway that looks like it did 44 years ago when I last traveled it, seeking my fortune in a free country, only the old Atlantic, she is just the same but so far has learned how to behave herself.

A jury returned a verdict in favor of the L. & N. railroad in the suit brought against it by S. E. Owlesley for \$10,000 damages for injuries alleged to have been sustained by the plaintiff, in which an arm was broken.

The court threw out of court on pre-emptory instructions the suit of M. G. Murphy against G. A. Walters and others of King's Mountain, on a contract concerning the building of a pier at that section.

Peremptory instructions were given for Garland Singleton in two cases against the Louisville Tin & Stove Company to recover \$50 attorney's fee and costs.

Several other civil cases were tried before court adjourned this week.

APPOINTED PHARMACY REFEREE FOR LINCOLN COUNTY

The State Board of Pharmacy has adopted the referee and photograph system to prevent "phony" examinations by applicants for certificates to practice as registered pharmacists. By "phony" examination is meant where one man who is able to stand the examination, taking the examination in another man's name, and giving the certificate to the man who is not competent. This fraud was attempted on the board last year and the man who tried it was convicted and fined \$100. The new rule adopted by the board provides that a referee shall be appointed in each county and any applicant for a certificate to practice as a pharmacist must have his photograph taken and have the referee from his county endorse the photograph as "O. K." before the board will examine him.

George L. Penny has been appointed referee in Lincoln county and J. E. Stogies in Garrard.

GLAD HE'S BACK HOME.

Mr. J. R. Rout, the well known and popular grocery clerk at Durham & Cecil's has purchased an interest in the mercantile business of Mr. Jas. Cash at Turnersville in Lincoln county and will move to that place in a short while to make his future home.

He is a wide-awake clerk and has made many friends during his residence.

J. W. IRELAND

After the crowd saw the Stanford team play ball, the manager of the Lebanon team asked for the services of catcher Mike Penny, pitcher Wesley Embry and first baseman Will McCarty in the series of games which Lebanon plays during Chan-

taqua, in the early part of July. It is likely that the boys will accept.

In the game of Friday between Bardstown and Springfield McCarty paled first in the first named team and out of four times up, got one three sacker and one for two bases. Of the four runs that Bardstown got McCarty made one himself and his three bigger brought in the other three runs, the bases being full when he smashed the ball.

LINCOLN CIRCUIT COURT.

Mrs. Daisy Huffman's Heirs,

Plaintiffs vs. Notice of Sale.

Mrs. Daisy Huffman's Heirs, Defendants.

Pursuant to a judgment rendered in the above styled cause at the May term, 1911, of the aforesaid court, the undersigned commissioner, will on Friday, June 23, 1911, at 2:30 o'clock p.m. in front of the court house door in Stanford, Ky., sell at public outcry to the highest and best bidder the following described real estate.

A certain tract of land in the eastern suburb of Stanford, Ky., bounded on the north by the land of S. J. Embry; on the east by the land of E. B. Denham; on the south by the Stanford and Crab Orchard turnpike; and on the west by the lands of J. R. Powel, Mrs. E. C. Helm's heirs, and the Stanford and Lancaster turnpike and containing 55 acres of land.

Terms: The sale property will be sold on a credit of six months, and the purchaser will be required to give bond for the purchase price, with personal security approved by the Commissioner. The said bond being payable to the Commissioner, bearing date six months from the date of sale, with ten retained on the land to secure the payment thereof, and the said bond to have the same force and effect of a judgment. This June 23rd.

FOR REPRESENTATIVE

William H. Shanks announces his candidacy for Representative from Lincoln county, subject to the action of the Democratic party.

GOVERNMENT AID FOR ROADS

The United States has spent hundreds of millions in Cuba, Porto Rico and the Philippines, in constructing roads and even railroads and bridges, while the amount which has been, and will yet be spent for the Panama Canal, will stagger computation.

If half of this immense sum had been used in the construction of highways, in the various States, how much greater the benefit would be to the people of this country, who have supplied the money for these vast improvements in foreign lands. If the government had the right, under the constitution to apply its revenue to these gigantic enterprise, why has it not the power to apply a like amount in building roads and bridges, in the various States?

Hundreds of millions have been spent in widening and deepening harbors and bays, on our seaboard. This is right, because these bays and harbors are the highways of commerce. But are not the roads in the States, also the highways of commerce? To improve these bays and harbors, increases our commerce; but if the roads are constructed and improved, will this not benefit our commerce also? Is nothing traffic except that moved in ships or on railroads, entitled to be called commerce? Before the railroads were built a large part of the traffic of the country passed over the highways. If these roads were made better, and others built, a large part of this traffic would be still moved over them to market.

Kentucky is bubbling with enthusiasm for good roads. Why cannot our Senators and Representatives stop the tedious and unprofitable discussion about Lorimer and other kindred topics, long enough to present a bill which will authorize government aid to roads in the States? The government aids schools and colleges, and has given vast quantities of the public lands to great railroads in the past? It has built great dams to water the lands of the west. It has locked and dammed many rivers, in aid of the commerce of the States. Why cannot it aid the building of the country, where there are no rivers? The vast majority of the people do not live on or even near enough to the harbors, bays, or rivers to be locally benefited by their improvement. The rivers bays and harbors are highways for commerce, and so are turnpikes. If the one can be imposed by the government, why may not the other?

Gentlemen of the Senate and House of Representatives, (especially from Kentucky,) we are looking and waiting to hear from you. You can all speak at once, if you desire, but he who speaks first and more effectively, will do more to earn his salary and with it, the lasting gratitude of our people than any man who has ever represented Kentucky in the Congress of the United States.

The country press wants to make the nomination and election of Peter Lee Atherton as a member of the Legislature unanimous. Evidently Mr. Atherton has some warm friends among the newspaper fraternity.—Argus in Louisville Herald.

The Interior Journal's portion of the country press does not. While Mr. Atherton is undoubtedly a splendid gentleman and well qualified to hold a legislative or any other such position of honor, we do not believe he would make the sort of representative with an eye single to the best interests of the people. We were on the ground at the legislative session of 1966 and Mr. Atherton was one of the very busiest lobbyists there, who were seeking to defeat the plan of Gov. Beckham to place an equitable gallon tax upon the whiskey rectifiers of the State. Mr. Atherton in the legislature would be, to our mind, very much like Cannon or Aldrich in Congress. They are for the interests and not for the people.

Solves Problem of Rheumatism

New Remedy Produces Startling Results With Every Form and Condition of Rheumatism.

Has Features Unknown Heretofore in Any Rheumatism Treatment.

"I can actually feel the rheumatism being driven out of my body," is the frequent statement made by rheumatism sufferers who have experienced the unique, delightful effects of the remarkable remedy D-M-F.

After 30 years of exhaustive tests, during which it has cured permanently in a few weeks terrific chronic cases

of rheumatism as easily as fresh, new cases, D-M-F seems now destined to take the place of every other treatment known for rheumatism, lumbago, gout and neuralgia.

D-M-F has the unique feature of producing certain elements which determine to the sufferer that the uric acid deposits are being surely eliminated.

D-M-F is absolutely free from opiates or dangerous drugs, another welcome feature. Furthermore, it is guaranteed absolutely as to results.

John C. Brian, of Rochester, N. Y., says: "D-M-F did wonders for me. Inside of 30 days I was cured of inside-of-the-joints rheumatism." Ruth J. Loppe, of Warsaw, N. Y., says: "D-M-F is a wonderful remedy. It cured me in a few weeks of rheumatism I had for five years."

Buy a bottle today and be convinced of its remarkable effects. Full explanation of D-M-F's unique, safe and powerful action is given in every case.

Mrs. E. S. Griffin and Mrs. James A. Kehoe, of Bowing Green, are guests of the latter's sister, Mrs. T. D. Newland, Jr.

Thos. McBeath, Boyle county, is visiting his father and mother in this city. Most everybody in Somerset knows Mr. McBeath as he was for several years one of the most substantial business men of the city. He now owns a farm of over two hundred acres of Blue Grass land and says he likes farming better than the mercantile business. His many friends wish him a large measure of success in his farming business.—Somerset Republican.

Mr. F. K. Tribble is at Elvix Spring for a few days stay. Miss Belinda Helm, of Lincoln county, is visiting her sister, Mrs. O. J. Trummond. Mr. and Mrs. W. F. Tomlinson have been recent visitors in Stanford. Miss Letitia Warren left Monday for Winchester to visit her sister, Mrs. Lucien Beckner. Mrs. Bird, who has been visiting Mr. and Mrs. W. P. Givens, has returned to her home in Chickasha, Oklahoma.—Danville Messenger.

GOLDEN DAWN SPRINGS

At the opening of Golden Dawn Springs at Yosemite, Thursday, June 8th, there were about 500 people present in the afternoon and night. Supper was served to 125 guests.

The McKinney band rendered a good selection of music and received fine compliments for their playing. Mr. Jason Lawhorn, the proprietor, wishes to thank the patrons and guests for their presence at the opening and from present indications it will be one of the most popular resorts in the country. The McKinney Band will give another concert at the same place in the near future and due notice will be given of time and date.

Hanna's Green Seal "The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used.

In any given job of painting, labor represents practically two-thirds, material one-third the cost.

It stands to reason that with so much expense in labor, the enduring quality of the paint is all important.

Why have the painting done unless the protection and durability of the job is sought?

How is one to determine the true value and obtain paint that may be depended upon for durability?

HANNA'S GREEN SEAL PAINT IS NOT A SECRET. This paint has the printed formula on every package.

The makers have confidence and take pride in the quality and tell the public the composition of the paint.

IS THIS OF ANY VALUE TO YOU? IT OUGHT TO BE.
